**GREENE COUNTY IL
1855 STATE CENSUS**

Abstracted by Page number of actual Enumeration by Marty Crull

This abstraction may be viewed two ways - Numerically or Alphabetically. Numerically is by Page Number in the order recorded by the Enumerator. This will give you the nearby neighbors, which sometimes helps locate other family connections. Alphabetically is by Surname but has the census readings, also. Due to the size of the files, several pages have been created in both Categories.

As this transcription was done by humans, errors could occur. One should review the original transcription to verify the correctness.
